# Has your child received an autism diagnosis?

Join the National Autistic Society's EarlyBird Plus programme to understand more about autism and how you can support your child.

## EarlyBird Plus programme

Meet other parents and share experiences on our ten-week programme. Designed for parents of children aged from four to nine, we can help you understand autism and support your child, including:

- supporting interaction
- understanding sensory differences
- developing play
- interpreting behaviour.

**"EarlyBird Plus is an absolute must to help you begin to learn and understand how your child's mind works."**

Parent

We encourage you to attend the sessions with a professional, such as a teaching assistant, who is working regularly with your child.

**This is your local licensed EarlyBird Plus group leader, trained by the National Autistic Society.**

Contact them for more information:

**Name:** Sarah-Jane Walker and Kate Falle
